Ourania Georgiou
CURRICULUM VITAE

Full name: Ourania Georgiou
Nationality: Greek
Current position: Ass. Professor of Division of Plant Biology of the University of Patras (UPA)
Address: Division of Plant Biology, Dept. of Biology, University of Patras, 26500 Patras, Greece
Tel./Fax: +2610 997 439
Email: ogeorgio@upatras.gr

EDUCATION

Primary and secondary education: in Patras - Greece (1973)
B. Sci. Biology, University of Patras- Greece (1977)
PhD Thesis: in Biological Sciences, University of Patras, 1990(Thesis: Biosystematic study of *Anthemis tomentosa* group (Asteraceae), in Greece)

ACADEMIC APPOINTMENTS

1977-1978: Researcher in the Botanical Institute, Division of Plant Biology, University of Patras, as a scholar of the National Research Institute.

1978-1991: Assistant in the Botanical Institute, Division of Plant Biology, University of Patras.

1991-2003: Lecturer in the Division of Plant Biology, Department of Biology, University of Patras.

2003- Present: Assistant Professor, in the Division of Plant Biology, Department of Biology, University of Patras.

TEACHING ACTIVITIES
Undergraduate courses
Department of Biology: Systematic Botany, Systematic of Seed Plants, Flora of Greece, Microbiology (Fungi).
Department of Pharmacy: Botany
Department of Chemistry and Department of Chemical Engineering: Microbiology (Fungi).

Postgraduate courses

RESEARCH AND OTHER ACTIVITIES

MEMBER OF:
OPTIMA (Organization for the Phytotaxonomical Investigation of the Mediterranean Area).
IOSEB (International Organization for Systematic and Evolutionary Biology)

PUBLICATIONS
PhD Thesis

Publications in scientific journals and books with reference committee
2. KAMARI G. & GEORGIOU O. 1981: Cytological notes on two *Ornithogalum* species from Greece. -Botanika Chronika 1: 29-34.

Other publications

Congress presentations

11. ARTELARI R. & GEORGΙΟU O. 2002: The Limonium ocyмifolium group (Plumbaginaceae) in Greece. - VI International Congress of Systematic and Evolutionary Biology, Patras (Greece).

PARTICIPATION TO RESEARCH PROJECTS
1. 1991-1995: Partner in the project “Flora Hellenica” [study of the genus *Petrorhagia* (Caryophyllaceae) for the Vol. 1 and of the genus *Malcolmia* (Cruciferae) for the Vol. 2). Cooperation of the Botanical Institutes of the University of Patras (Greece), Copenhagen (Denmark), Lund (Sweden) and Berlin (Germany) (Completed).

5. Partner in the project “Floristic and Phytogeographical studies on the islands of E Aegean” (Completed).

6. Partner in the project *Proherbs Project*, INTERREG III B-Archimed, funded by the European Regional Development Fund (ERDF).
